

FIBRA UNO ANNOUNCES IT IS A CONSTITUENT OF THE DJSI MILA INDEX

Mexico City, Mexico, September 17th, 2018.

FIBRA UNO announces it has been included in the Dow Jones Sustainability MILA Index for the second year in a row. We are proud to be one of only three real estate constituents Index. Being a constituent recognizes leadership in the sector and market on sustainability practices.

DJSI Family Index monitors and ranks the sustainability performance of the world’s largest companies. The evaluation is performed by RobecoSAM, a specialist on responsible investment and it considers material issues on the environmental, social and financial aspects.

Being members of this index allows us to access responsible investors, reflecting the new trends towards allocating fund for companies with good ESG practices.

This FUNOs scores on environmental and social reporting improved significantly, which reflect our management efforts to build a sustainable business with long-term focus. At FUNO we have strived to implement best corporate governance practices and we are working on improving our environmental and social performance at the property level. These higher scores reflect our commitment towards transparency and to create social value for Mexico.

No doubt there is a great responsibility in being members of the DJSI index, because we not only aim to maintain our constituency but go all-out in order to improve our performance each year.
